Good Morning:

I have passed this request onto my management. They are attending a meeting in DC this week but there may be a possibility on Thursday or Friday. We will be in touch.

Thanks

Eric,

I would like to arrange for a conf call this week about the schedule and future of the NFB and HTC sites if you are available.

I am available for most of the week, except tomorrow from 10 – 12, and Wed from 2 on.

I am sure our region would like to participate, and I think management here is likely to want to invite someone from EPA R-2 management as well.

I am cc'ing our regional radiation staff and my supervisor Eric Obrecht to that end.

I also wanted to let you know that we have received a couple of FOIL requests for TENORM sites in

Lewiston, one includes the ones involved in the NOI.

Thanks,

Tim Rice
